

Pachamama Shakti Tour

Claiming our 'Divine Child' birthright

December Full Moon - Solstice 2019

***Celebrating the 7th anniversary of the Planetary Shift of
Consciousness***

11-21 Dec 2019

On 21st Dec 2012 we had journeyed with a group of pilgrims to the sacred land of Peru, carrying waters from the Holy Ganges, to symbolically enact the *Divine Marriage* of the **Himalayas and the Andes** - the Masculine and Feminine poles of the Earth - inside of us. To move at a personal as well as planetary level, from duality to Unity consciousness.

We live on a Planet of polarities and the call was to enter into the marriage of Power and Beauty, to return to our hidden Wholeness and begin afresh from that unifying ground of consciousness.

Seven years on, having journeyed from the realms of cause into effect, Humanity is called to step up and out as the 'Divine Children' of a full-spectrum consciousness; Solar beings reaching for their Rainbow bodies; living joyously and evolving consciously as the Wise Fools of Tough Love!

If you yearn for a return to an inviolable innocence; and to claim your birthright to be fully Human, come join us on an 'Adventure of Consciousness' led by and to your Divine Child.

We are all Masters - coming home and returning to our origins. We are made by memories of *the Ancient Time embedded in the Ancient Codes* that hold

the key to our Freedom and Fulfillment. ***It is time to remember who we are***, and why we are here: To play and play well together; integrated on all levels of Being, aligned with the Cosmos and with the highest purpose of our Souls.

The Hour of Joy and Celebration from the Heart of Oneness has come, to spill out into the world!

The Andes represent the land of magic, where the Divine Feminine (*Shakti*) as Mother Earth (*Pachamama*) empowers and enables all possibilities. She

invites you to come and play!

You will have the opportunity to reconnect with your inner sun and your inner joy on this path of beauty and inspiration. ***The dates have been specially chosen***; we will follow both the auspicious solar as well as lunar cycle. Beginning with the power of the Full Moon on 12.12.19 and peaking with Solstice on 21.12.19, the 7th anniversary of the Shift of Consciousness lightworkers had globally gathered for. We had then sought the Immaculate Conception, development and birthing of our Master-Self. We now gather to claim the redemptive power of our Child-Self.

During this transformational journey, ***your guides Alanna Aisha and Nilima Bhat (shown right)*** will lead you to powerful spiritual energy centres and conduct special rituals, yogic meditations and shamanic ceremonies relating to the Stars, the Sun and the Moon as well as the Panchabhoota (Five Elements) for personal and planetary renewal.

As with all [Shakti Leadership](#) based tours, ***each step in this Journey will be related to your own archetypal and mythic life's journey*** and your desire for conscious evolution. We need you, we need your energy; we need more joyful and creative Power Beings in the World.

Come join us on this Journey into the embodied New Consciousness through the 'wonder-ful' eyes of your inner child.

Limestone formation intricately carved with depictions of mythical beings, as well as winding underground passageways and semicircular amphitheater.

Continue to Saqsaywaman, which is a huge, stunning site which holds the great house of the Sun, where the head of the Puma of Cusco resides. Its megalithic, zigzag stone walls were pieced together with amazing skill, drawing the Snake and other Andean symbols, like a lightning bolt across a great field. Saqsaywaman is located one kilometers from the city of Cusco, the

immense walls of the complex made up of huge stones distributed in a zigzag pattern in three platforms. These platforms are connected by flights of stairs and doorways also in stone; one of these is 2ft tall and 15ft wide and weighs more than 100 tons. The largest stone block found in Saqsaywaman stands 27.88ft high and weighs 130 tons. Together with the city of Cusco, this monumental complex is one of the new seven wonders of the world. This huge construction was planned and built by Andean masters. The Inkas called it the House of the Sun.
